AXIOMTEK CO., LTD. AND SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS WITHINDEPENDENT AUDITORS' REVIEW REPORT

FOR THE SIX MONTHS ENDED JUNE 30, 2025 AND 2024

(Stock Code: 3088)

Address: 8F., No.55, Nanxing Road, Xizhi District, New Taipei City, Taiwan

Telephone: +886-2-86462111

Notice to Readers

For the convenience of readers and for information purpose only, the independent auditors' review report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' review report and consolidated financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT

To the Board of Directors and Shareholders of AXIOMTEK CO., LTD.:

Introduction

We have reviewed the accompanying consolidated balance sheets of AXIOMTEK CO., LTD. and its subsidiaries (hereinafter referred to as "the Group") as of June 30, 2025 and 2024, and the related consolidated statements of comprehensive income for the three months and six months then ended, as well as the consolidated statements of changes in equity and of cash flows for the six months then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard 34, "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

As explained in Notes 4(3) and 6(6), we did not review the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using equity method, which statements reflect total assets (including investments accounted for using equity method) of NT\$1,069,426 thousand and NT\$1,159,371 thousand, constituting 15.03% and 15.87% of the consolidated total assets, and total liabilities of NT\$261,894 thousand and NT\$357,371 thousand, constituting 10.77% and 11.49% of the consolidated total liabilities as of June 30, 2025 and 2024, respectively, and total comprehensive income and loss of NT(\$28,716) thousand, NT\$29,833 thousand, NT(\$17,176) thousand and NT\$84,765 thousand, constituting 18.07%, 16.91%, (177.09%) and 23.23% of the consolidated total comprehensive income and loss for the three months and six months periods then ended, respectively.

Qualified conclusion

Except for the adjustments to the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using equity method been reviewed by independent auditors, that we might have become aware of had it not been for the situation described above, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at June 30, 2025 and 2024, and of its consolidated financial performance for the three months and six months periods then ended and its consolidated cash flows for the six months then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission.

AXIOMTEK CO., LTD. AND SUBSIDIARIES NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS JUNE 30, 2025 AND 2024

(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

A. ORGANIZATION AND OPERATIONS

Axiomtek Co., Ltd. (hereinafter referred to as "the Company" or "Axiomtek") was incorporated in the Republic of China (R.O.C) in May 1990 and the Company's common shares were officially listed on the Taipei Exchange on April 28, 2005. The Company and its subsidiaries (collectively referred herein as "the Group") are mainly engaged in designing, manufacturing and sales of PC-based industrial computer products and peripherals. The Group provides product lines of Industrial PCs (IPCs), Single Board Computers (SBCs), System on Modules (SoMs), Fanless and Rugged Embedded Systems (eBOX and rBOX), Intelligent Transportation Systems (tBOX and UST), Industrial IoT Gateway, Industrial EtherCAT Master solution, Touch Panel Computers (TPCs), Medical Panel Computers (MPCs), Digital Signage Solutions (DSSs), Network Appliances (NAs) products and automation equipment system set-up and development.

B. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

The consolidated financial statements were authorized for issuance by the Board of Directors on July 30, 2025.

C. <u>APPLICATION OF NEW STANDARDS</u>, <u>AMENDMENTS AND INTERPRETATIONS</u>

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS") Accounting Standards that came into effect as endorsed by the Financial Supervisory Commission ("FSC").

New standards, interpretations and amendments endorsed by the FSC effective from 2025 are as follows:

	Effective date by
	International Accounting
New Standards, Interpretations and Amendments	Standards Board
Amendments to IAS 21, 'Lack of exchangeability'	January 1, 2025

The above standards and interpretations have no significant impact on the Group's financial condition and financial performance based on the Group's assessment.

(2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FSC effective from 2025 are as follows:

Effective date by International Accounting
New Standards, Interpretations and Amendments
Specific provisions of Amendments to IFRS 9 and IFRS 7,
'Amendments to the classification and measurement of financial instrument'

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

(3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Specific provisions of Amendments to IFRS 9 and IFRS 7,	January 1, 2026
'Amendments to the classification and measurement of	1, 2020
financial instrument'	
Amendments to IFRS 9 and IFRS 7, 'Contracts referencing	January 1, 2026
nature-dependent electricity'	3
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of	To be determined by
assets between an investor and its associate or joint venture'	International Accounting
·	Standards Board
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and	January 1, 2023
IFRS 9 – comparative information'	·
IFRS 18, 'Presentation and disclosure of financial statements'	January 1, 2027
IFRS 19, 'Subsidiaries not subject to public accountability:	January 1, 2027
disclosure'	·
Annual Improvements to IFRS Accounting Standards—	January 1, 2026
Volume 11	

Except for those described below, the Group has assessed that the above criteria and interpretations have no significant impact on the Group's financial position and financial performance. The related impact amounts will be disclosed upon completion of the assessment. IFRS 18, 'Presentation and disclosure of financial statements'

IFRS 18, 'Presentation and disclosure of financial statements' replaces IAS 1 and updates the structure of the statement of comprehensive income. It also introduces disclosure requirements for management performance measures and strengthens the principles of aggregation and disaggregation used in the primary financial statements and notes.

D. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Statement of compliance

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and IAS 34, 'Interim Financial Reporting' as endorsed by the FSC.

(2) Basis of preparation

A. Except for the following items, the consolidated financial statements have been prepared

under the historical cost convention:

- (A) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
- (B) Financial assets measured at fair value through other comprehensive profit or loss.
- (C) Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:
 - (A) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
 - (B) Inter-company transactions, balances and unrealized gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
 - (C) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the noncontrolling interests having a deficit balance.
 - (D) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e., transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity.
 - (E) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognized in profit or loss. All amounts previously recognized in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously

recognized in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

B. The subsidiaries included in the consolidated financial statements:

			Percen	tage of Owner	rship (%)
Name of			June 30,	December	June 30,
investor	Name of Subsidiary	Nature of business	2025	31, 2024	2024
The Company	AXIOM TECHNOLOGY, INC. U.S.A.(AXUS)	Industrial computer and Embedded Board manufacturing, trading, post-sales service	100%	100%	100%
"	AXIOMTEK DEUTSCHLAND GMBH(AXGM)	Industrial computer and Embedded Board manufacturing, trading, post-sales service	100% (Note 1)	100%	100% (Note 1)
	AXIOMTEK ITALIA S.R.L.(AXIT)	Industrial computer and Embedded Board trading, post-sales service	100% (Note 1)	100%	100% (Note 1)
"	AXIOM TECHNOLOGY(BVI) CO., LTD. (AXBVI)	Holding company	-	-	-(Note 2)
"	AXIOMTEK UK LIMITED(AXUK)	Industrial computer and Embedded Board trading, post-sales service	100% (Note 1)	100%	100% (Note 1)
"	AXIOMTEK JAPAN CO., LTD.(AXJP)	Industrial computer and Embedded Board trading, post-sales service	-(Note 3)	100%	100% (Note 1)
"	AXIOMTEK (SHENZHEN) CO. LTD.(AXSZ)	Industrial computer and Embedded Board manufacturing, trading, post-sales service	100% (Note 1)	100%	100% (Note 1&2)
	PAYTRONEX CO., LTD. (PAYTRONEX)	Research and development, manufacturing, sales, maintenance and leasing of smart parking, smart medical and self-service related equipment and solutions	59.95% (Note 1)	59.95%	59.95% (Note 1&4)

Note 1: The financial statements of the entity as of and for the six months ended June 30, 2025 and

- 2024 were not reviewed by independent auditors as the entity did not meet the definition of significant subsidiary.
- Note 2: AXBVI was liquidated in June 2024. AXSZ has adjusted its investment structure, which is now 100% owned by the Company.
- Note 3: AXJP was liquidated in May 2025.
- Note 4: On April 8, 2024, the Company purchased 2,170,000 shares of PAYTRONEX from existing shareholders and through a cash capital increase at a price of \$30 per share, for a total investment amount of \$65,100,000. The Company now holds a 59.95% equity in PAYTRONEX. The transaction was completed and the transfer was finalized on April 8, 2024, so PAYTRONEX has been included as a consolidated entity from that date (the acquisition date).
 - C. Subsidiaries not included in the consolidated financial statements: None.
 - D. Adjustments for subsidiaries with different balance sheet dates: None.
 - E. Significant restrictions: None.
 - F. Subsidiaries that have non-controlling interests that are material to the Group: None.

(4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan dollars (NTD), which is the Company's functional and the Group's presentation currency.

A. Foreign currency transactions and balances

- (A) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognized in profit or loss in the period in which they arise.
- (B) Monetary assets and liabilities denominated in foreign currencies at the period end are retranslated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognized in profit or loss.
- (C) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in other comprehensive income. However, nonmonetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.
- (D) Foreign exchange gains and loss based on the nature of those transactions are presented in the statement of comprehensive income within other gains and losses.

B. Translation of foreign operations

(A) The operating results and financial position of all the Group entities, associates and joint arrangements that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
- ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
- iii. All resulting exchange differences are recognized in Exchange differences on translation of foreign operations.
- (B) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interests in this foreign operation. In addition, if the Group still retains partial interests in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in these foreign operations.
- (C) Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing exchange rates at the balance sheet date.

(5) Classification of current and non-current items

- A. Assets that meet one of the following criteria are classified as current assets; otherwise, they are classified as non-current assets:
 - (A) Assets arising from operating activities that are expected to be realized, or are intended to be sold or consumed within the normal operating cycle;
 - (B) Assets held mainly for trading purposes;
 - (C) Assets that are expected to be realized within twelve months from the balance sheet date:
 - (D) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities more than twelve months after the balance sheet date.

All assets that do not meet the above criteria are classified as non -current assets.

- B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise, they are classified as non-current liabilities:
 - (A) Liabilities that are expected to be paid off within the normal operating cycle;
 - (B) Liabilities arising mainly from trading activities;
 - (C) Liabilities that are to be paid off within twelve months from the balance sheet date;
 - (D) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All liabilities that do not meet the above criteria are classified as non-current liabilities.

(6) <u>Cash equivalent</u>

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Time deposits that meet the above definition and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortized cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognized and derecognized using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value and recognizes the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognizes the gain or loss in profit or loss.

(8) Financial assets at fair value through other comprehensive income

- A. Refers to an irrevocable election made at initial recognition to present changes in the fair value of equity instruments that are not held for trading in other comprehensive income; or to debt instrument investments that meet both of the following conditions:
 - (A) The financial asset is held under a business model whose objective is to collect contractual cash flows and sell the asset.
 - (B) The contractual terms of the financial asset give rise to cash flows on specific dates that are solely payments of principal and interest on the outstanding principal amount.
- B. The Group applies trade date accounting for financial assets measured at fair value through other comprehensive income in accordance with trading practices.
- C. The Group measures at initial recognition at its fair value plus transaction costs, and subsequently measures at fair value as follows
 For debt instruments, changes in fair value are recognized in other comprehensive income.
 Before derecognition, impairment losses, interest income, and foreign exchange gains or losses are recognized in profit or loss. Upon derecognition, any previously recognized cumulative gains or losses in other comprehensive income are reclassified from equity to profit or loss.

(9) Financial assets at amortized costs

The Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10) Accounts and notes receivable

- A. Accounts and notes receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.
- B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(11) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and accounts receivable that have a significant financing component, at each end of the financial reporting period, the Group recognizes the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognizes the

impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Group recognizes the impairment provision for lifetime ECLs.

(12) <u>Derecognition of financial assets</u>

The Group derecognizes a financial asset when the contractual rights to receive the cash flows from the financial asset expire.

(13) Lease transactions for lessors – Lease payments receivable / Operating leases

- A. According to the terms of the lease agreement, when almost all of the risks and rewards of ownership of the leased asset are transferred to the lessee, the lease is classified as a finance lease.
 - (A) At the commencement of the lease, recognize the lease investment net amount (including initial direct costs) as 'Lease payments receivable'. The difference between the total amount of receivables from leases and their present value is recognized as 'Unearned finance income from finance leases' (a reduction from receivables)
 - (B) Subsequently, systematically and rationally allocate the finance income over the lease term to reflect a constant rate of return on the net investment in the lease.
 - (C) Lease payments related to the period (excluding service costs) reduce the total lease investment amount to decrease both the principal and the unearned finance income.
- B. Lease income from an operating lease (net of any incentives given to the lessee) is recognized in profit or loss on a straight-line basis over the lease term.

(14) Inventories

Inventories are stated at the lower of cost and net realizable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labor, other direct costs and related production overheads (allocated based on normal operating capacity). It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and applicable variable selling expenses.

(15) Investments accounted for using equity method - associates

- A. Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognized at cost.
- B. The Group's share of its associates' post-acquisition profits or losses is recognized in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognized in other comprehensive income. When the Group's share of losses in an associate equal or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

- C. When changes in an associate's equity are not recognized in profit or loss or other comprehensive income of the associate and such changes do not affect the Group's ownership percentage of the associate, the Group recognizes change in ownership interests in the associate in 'capital surplus' in proportion to its ownership.
- D. Unrealized gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
- E. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognized in other comprehensive income in relation to the associate, are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.

(16) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.
- B. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change.

The estimated useful lives of property, plant and equipment are as follows:

Buildings	10 ~	50 years
Machinery	2 ~	11 years
Testing equipment	2 ~	11 years
Lease assets		5 years
Others	2 ~	15 years

(17) Leasing arrangements (lessee) - right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Lease payments are comprised of the following:
 - (A) Fixed payments, less any lease incentives receivable; and
 - (B) Variable lease payments that depend on an index or a rate.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
 - (A) The amount of the initial measurement of lease liability;
 - (B) Any lease payments made at or before the commencement date; and
 - (C) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

D. Except for lease modifications that decrease the scope of a lease, in which case the lessee shall reduce the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease and recognize the difference between that amount and the remeasured lease liability in profit or loss, all other lease modifications shall be accounted for by remeasuring the lease liability, with a corresponding adjustment to the right-of-use asset.

(18) <u>Investment property</u>

An investment property is stated initially at its cost and measured subsequently using the cost model. Except for land, investment property is depreciated on a straight-line basis over its estimated useful life of $2 \sim 16$ years.

(19) Intangible assets

A. Trademark

Trademark is stated at cost and amortized on a straight-line basis over its estimated useful life of 10 years.

B. Computer software

Computer software is stated at cost and amortized on a straight-line basis over its estimated useful life of $2 \sim 5$ years.

C. Goodwill

Goodwill arises in a business combination accounted for by applying the acquisition method.

D. Others

Other intangible assets, mainly customer list, are amortized on a straight-line basis over their estimated useful lives of 3 years.

(20) Impairment of non-financial assets

- A. The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognizing impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortized historical cost would have been if the impairment had not been recognized.
- B. The recoverable amounts of goodwill shall be evaluated periodically. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognized in profit or loss shall not be reversed in the following years.
- C. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units, or groups of cash-generating units, that is/are expected to benefit from the synergies of the business combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level.

(21) Borrowings

Borrowings comprise long-term and short-term bank borrowings. Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds net of transaction costs and the redemption value is recognized in profit or loss over the period of the borrowings using the effective interest method.

(22) Notes payable and accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(23) Convertible bonds payable

Convertible corporate bonds issued by the Company contain conversion options (that is, the bondholders have the right to convert the bonds into the Company's common shares by exchanging a fixed amount of cash for a fixed number of common shares), put options. The Company classifies the bonds payable and derivative features embedded in convertible corporate bonds on initial recognition as a financial asset or an equity instrument ('capital surplus - stock options') in accordance with the substance of the contractual arrangement and the definitions of a financial asset and an equity instrument. Convertible corporate bonds are accounted for as follows:

- A. Call provision embedded in convertible corporate bonds are recognized initially at net fair value as 'financial assets at fair value through profit or loss'. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognized as 'gain or loss on valuation of financial assets at fair value through profit or loss'.
- B. Bonds payable of convertible corporate bonds is initially recognized at fair value and subsequently stated at amortized cost. Any difference between the proceeds and the redemption value is accounted for as the premium or discount on bonds payable/ preference share liabilities and presented as an addition to or deduction from bonds payable, which is amortized in profit or loss as an adjustment to the 'finance costs' over the period of bond circulation using the effective interest method.
- C. Conversion options embedded in convertible corporate bonds issued by the Company, which meet the definition of an equity instrument, are initially recognized in 'capital surplus stock options' at the residual amount of total issue price less amounts of 'financial assets or financial assets at fair value through profit or loss' and 'bonds payable net' as stated above. Conversion options are not subsequently remeasured.
- D. Any transaction costs directly attributable to the issuance of convertible corporate bonds are allocated to the liability and equity components in proportion to the allocation of proceeds.
- E. When bondholders exercise conversion options, the liability component of the bonds (including 'bonds payable' and 'financial assets at fair value through profit or loss') shall be remeasured on the conversion date. The book value of common shares issued due to the conversion shall be based on the adjusted book value of the above-mentioned liability component plus the book value of capital surplus stock options.

(24) <u>Derecognition of financial liabilities</u>

A financial liability is derecognized when the obligation under the liability specified in the contract is discharged or cancelled or expires.

(25) Offsetting financial assets and financial liabilities

Financial assets and liabilities are offset and reported in the net amount in the balance sheets when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

(26) Non-hedging and embedded derivatives

- A. Non-hedging derivatives are initially recognized at fair value on the date a derivative contract is entered into and recorded as financial assets or financial liabilities at fair value through profit or losses. They are subsequently remeasured at fair value and the gains or losses are recognized in profit or loss.
- B. A mixed contract of financial assets embedded in derivatives, at the time of the original recognition, determines that the overall hybrid tool is classified as financial assets measured at fair value through gains and losses, financial assets measured at fair value through other consolidated gains and losses, and financial assets measured at amortized cost.
- C. The non-financial asset hybrid contract embedded in the derivative instrument determines whether the embedded derivative is closely related to the economic characteristics and risk of the main contract in the original recognition according to the terms of the contract to determine whether to separate or not. When it is closely related, the overall blending tool is treated according to its nature according to appropriate criteria. When it is not closely related, the derivative is separated from the principal contract and is treated as a derivative. The principal contract is treated according to its nature on the basis of appropriate criteria; or the overall recognition at the original recognition is a financial liability measured at fair value through profit or losses.

(27) Provisions for liabilities

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation at the end of the financial reporting period, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognized as interest expense. Provisions are not recognized for future operating losses.

(28) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognized as expenses in that period when the employees render service.

B. Pensions

(A) Defined contribution plans

For defined contribution plans, the Group has no legal or constructive obligation to make additional contributions after a fixed amount is contributed to a public or privately managed and independent pension fund. The contributions are recognized as pension expenses when they are due on an accrual basis. Prepaid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

(B) Defined benefit plans

- Defined benefit plans are different from defined contribution plans. The amount of pension benefits for employees at retirement is often dependent upon one or more factors, such as age, length of service and salary amount. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employee will receive on retirement for their services with the Group in current period or prior periods. The liability recognized in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, the Group uses interest rates of government bonds (at the balance sheet date) instead.
- ii. Remeasurements arising on defined benefit plans are recognized in other comprehensive income in the period in which they arise and are recorded as retained earnings.

(C) Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognized as expenses and liabilities, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is distributed by shares, the Group calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(29) Employee share-based payment

- A. For the equity-settled share-based payment arrangements, the employee services received are measured at the fair value of the equity instruments granted at the grant date, and are recognized as compensation cost over the vesting period, with a corresponding adjustment to equity. The fair value of the equity instruments granted shall reflect the impact of market vesting conditions and nonmarket vesting conditions. Compensation cost is subject to adjustment based on the service conditions that are expected to be satisfied and the estimates of the number of equity instruments that are expected to vest under the nonmarket vesting conditions at each balance sheet date. Ultimately, the amount of compensation cost recognized is based on the number of equity instruments that eventually vest.
- B. The grant date of the Company's share-based payment arrangements is the date on which the Company and its employees have a mutual understanding of the terms and conditions of the arrangements.

(30) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which cases the tax is recognized in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred tax is recognized, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled.
- D. Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognized and recognized deferred tax assets are reassessed.
- E. Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realize the asset and settle the liability simultaneously.
- F. A deferred tax asset shall be recognized for the carryforward of unused tax credits resulting from acquisitions of equipment or technology and research and development expenditures to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilized.
- G. The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax

income of the interim period, and the related information is disclosed accordingly.

(31) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction from the proceeds.

(32) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are approved by the Board of Directors and reported to the Shareholders' Meeting. Cash dividends are recorded as other payables; stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(33) Revenue recognition

A. Sales of goods

- (A) The Group research, manufactures and sells industrial computer-related products and self-service solution. Sales are recognized when control of the products has transferred, being when the products are delivered to the customers, the customers have full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customers' acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customers, and either the customers have accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied.
- (B) The sales revenue of industrial computer-related products is recognized according to the quantity of goods purchased by the customer and the price agreed upon after the quotation of the product item. The terms of collection for sales transactions are agreed upon in accordance with the generally accepted commercial transaction terms.
- (C) The Group's obligation to provide a refund for faulty products under the standard warranty terms is recognized as a provision.
- (D) A receivable is recognized when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.
- (E) Sales allowances given to customers are estimated based on the contract terms. The estimated sales-related allowances payable to customers up to the end of the financial reporting period are classified as refund liabilities (recorded as other current liabilities others)

B. Revenue from Labor Services

Revenue from labor services comes from product development and provision of extended warranty and maintenance services. When the transaction results of labor services can be reliably estimated, revenues are recognized based on the level of labor provided.

C. Revenue from Construction Contracts

(A) The Group provides services such as parking lot planning and design, product development, and installation testing. Revenue from construction contracts is

recognized as income within the financial reporting period in which the services are provided to the customer. For fixed-price contracts, revenue is recognized based on the proportion of services actually provided up to the balance sheet date relative to the total services to be provided. The degree of completion is determined based on actual costs incurred compared to the estimated total costs. Customers pay the contract price according to the agreed payment schedule. When the services provided by the Group exceed the amounts due from the customer, it is recognized as a contract asset. Conversely, if the amounts due from the customer exceed the services provided by the Group, it is recognized as a contract liability.

(B) The Group adjusts estimates of revenue, costs, and progress as circumstances change. Any increases or decreases in estimated revenue or costs due to changes in estimates are reflected in profit or loss during the period in which the conditions leading to the adjustment become known to management.

D. Revenue from Maintenance

The Group provides services such as parking lot maintenance, servicing, and repairs. Maintenance income is recognized on a straight-line basis over the contract period during which the services are provided to the customer.

E. Revenue from Leases

The Group provides leasing services for parking lot equipment. Lease income is classified and handled as either finance leases or operating leases based on lease terms, the collectability of lease receivables, and the future costs to be borne by the lessor. Accordingly, related finance lease interest income and operating lease income are recognized.

F. Incremental costs of obtaining a contract

Given that the contractual period lasts less than one year, the Group recognizes the incremental costs of obtaining a contract as an expense when incurred although the Group expects to recover those costs.

(34) Business merger

A. The Company uses the acquisition method for business combinations. The consideration transferred in a business combination is measured at the fair value of the assets transferred, liabilities incurred or assumed, and equity instruments issued. This consideration includes the fair value of any assets and liabilities resulting from contingent consideration arrangements. Costs related to the acquisition are recognized as expenses when incurred. Identifiable assets acquired and liabilities assumed in a business combination are measured at their fair values as of the acquisition date. For each individual acquisition, the components of non-controlling interests are measured either at fair value as of the acquisition date or at the proportionate share of the acquiree's identifiable net assets. Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at the fair value as of the acquisition date. All other components of non-controlling interests are measured at fair value as of the acquisition date.

B. If the total of the consideration transferred, the fair value of non-controlling interests in the acquiree, and the fair value of any previously held equity interests in the acquiree exceeds the fair value of the identifiable assets acquired and the liabilities assumed, the excess is recognized as goodwill on the acquisition date. Conversely, if the fair value of the identifiable assets acquired and the liabilities assumed exceeds the total of the consideration transferred, the fair value of non-controlling interests, and the fair value of any previously held equity interests in the acquiree, the excess is recognized as a gain in profit or loss on the acquisition date.

(35) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The Group's Chief Operating Decision-Maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

E. <u>CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY</u>

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below.

(1) Critical judgements in applying the Company's accounting policies

None.

(2) Critical accounting estimates and assumptions

Evaluation of inventories

As inventories are stated at the lower of cost and net realizable value, the Group must determine the net realizable value of inventories on balance sheet date using judgements and estimates. Due to the rapid technology innovation, the Group evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realizable value. Such an evaluation of inventories is principally based on the demand for the products within the specified period in the future. Therefore, there might be material changes to the evaluation.

As of June 30, 2025, the carrying amount of inventories was \$1,505,815.

F. <u>DETAILS OF SIGNIFICANT ACCOUNTS</u>

(1) <u>Cash and cash equivalents</u>

	June 30, 2025		Decer	mber 31, 2024	June 30, 2024		
Cash on hand and petty cash Checking accounts and demand	\$	826	\$	1,081	\$	772	
deposits		490,365		566,677		804,751	
Time deposits		1,327,795		1,112,600		793,298	
Cash Equivalents		58,578		65,588		_	
		1,877,564		1,745,946		1,598,821	
Transfer to Financial assets at amortized cost – current		-		_	(128,012)	
	\$	1,877,564	\$	1,745,946	\$	1,470,809	

- A. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.
- B. Except for term deposits with a maturity of more than three months, which are classified as financial assets at amortized cost current.
- C. The Group does not have any other instances of cash and cash equivalents being pledged.

(2) Financial assets at fair value through profit or loss – current

	June 30, 2025		December 31, 2024		June 30, 2024	
Current items:						
Financial assets mandatorily measured at fair value through profit or loss						
Beneficiary Certificate	\$	45,000	\$	62,000	\$	78,000
Derivatives - convertible bonds redemption rights		184		399		400
Evaluate adjustment	(17)		351		433
Total	\$	45,167	\$	62,750	\$	78,833

- (1) For the three months and six months ended June 30, 2025 and 2024, The net gains recognized of the Group held financial assets measured at fair value through profit or loss were \$9, \$622, \$966 and \$627, respectively.
- (2) The Group has not pledged any financial assets classified as fair value through profit or loss current as collateral.

(3) Financial assets measured at fair value through other comprehensive income

- (1) As of June 30, 2025, December 31, 2024 and June 30, 2024, the amounts of the Group's financial assets measured at fair value through other comprehensive income were all \$0.
- (2) In 2024, the Group sold a debt instrument investment measured at fair value through other comprehensive income with a fair value of \$1,036.
- (3) Details of financial assets measured at fair value through other comprehensive income recognized in other comprehensive income are as follows:

	For the three months ended June 30				
	2	2025	2024		
Debt instrument investments measured at fair					
value through other comprehensive income					
Changes in fair value recognized in other					
comprehensive profit or loss	\$		(\$	118)	
Accumulated profits or losses due to delisting					
and transfer to retained earnings	\$	_	(\$	121)	
		_	'	_	
	For	the six montl	ns ended Ju	ine 30,	
	2	2025	20	024	
Debt instrument investments measured at fair					
value through other comprehensive income					
Changes in fair value recognized in other					
comprehensive profit or loss	\$	-	(\$	118)	
Accumulated profits or losses due to delisting					
and transfer to retained earnings	\$	-	(\$	121)	

(4) Notes and accounts receivable

	June 30, 2025		December 31, 2024		June 30, 2024	
Notes receivable (including related parties)	\$	13,278	\$	25,628	\$	29,895
Less: Loss allowance					(1)
	\$	13,278	\$	25,628	\$	29,894
Accounts receivable (including related parties)	\$	731,944	\$	922,912	\$	878,817
Less: Loss allowance	(9,712)	(5,509)	(4,430)
	\$	722,232	\$	917,403	\$	874,387

- A. Information relating to the ageing analysis of accounts receivable that were past due is provided in Note 12(2).
- B. As of June 30, 2025, December 31, 2024 and June 30, 2024, notes and accounts receivable were all from contracts with customers. As of January 1, 2024, the balance of receivables from contracts with customers amounted to \$834,889.
- C. The Group does not hold financial assets as security for accounts receivable.
- D. Information relating to credit risk is provided in Note 12(2).

- A. For the three months and six months ended June 30, 2025 and 2024, the Group has no interest capitalized to property, plant and equipment.
- B. Property, plant and equipment not a significant component.
- C. Information about the property, plant and equipment that were pledged to others as collateral is provided in Note 8.

(8) <u>Leasing arrangements—lessee</u>

- A. The Group leases various assets including land, buildings, machinery and equipment, office equipment, and other equipment. Rental contracts are typically made for periods of 1 ~ 7 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. The carrying amount of right-of-use assets and the depreciation charge are as follows:

	June 30, 2025		-	ember 31, 2024		e 30, 2024
	Carryii	ng amount	Car	Carrying amount		ying amount
Buildings	\$	\$ 109,951		130,052	\$	143,656

				2025	2024	
			Depr	reciation charge	Depre	ciation charge
Buildings			\$	25,794	\$	25,460
Vehicles				2,173		1,540
			\$	27,967	\$	27,000

- C. For the six months ended June 30, 2025 and 2024, the additions (including net exchange differences) to right-of-use assets were \$18,868 and \$11,424.
- D. The information on profit and loss accounts relating to lease contracts is as follows:

Items affecting profit or loss	For the three months ended June 30,						
		2025	2024				
Interest expense on lease liabilities	\$	1,227	\$	1,592			
Expense on short-term lease contracts		1,515		1,813			
Gains on lease modification	(12)		-			

Items affecting profit or loss	For the six months ended June 30,						
		2025	2024				
Interest expense on lease liabilities	\$	2,543	\$	3,236			
Expense on short-term lease contracts		2,945		4,099			
Gains on lease modification	(277)		-			

E. For the six months ended June 30, 2025 and 2024, the Group's total cash outflow for leases was \$33,239 and \$34,689.

(9) <u>Leasing arrangements-lessor</u>

The Group leases various assets including buildings (investment property) and machinery. Rental contracts are typically made for periods of 1~8 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

The Group's lease receivables were not overdue, and the assessed credit risk loss was not significant.

A. The Group's operating leases:

(A) For the three months and six months ended June 30, 2025 and 2024, the Group recognized gain on leases are as follow, based on the operating lease agreement, which does not include variable lease payments.

	For th	e three month	hs ended June 30,		
	20	025	20)24	
Stated operating revenue	\$	7,921	\$	6,811	
Stated rental revenue		903		864	
	\$	8,824	\$	7,675	
	For t	he six months	s ended June 30,		
	2	025	20)24	
Stated operating revenue	\$	15,379	\$	6,811	
Stated rental revenue		1,805		1,727	
	\$	17,184	\$	8,538	

(B) The maturity analysis of the lease payments under the operating leases is as follows:

	June (June 30, 2025		er 31, 2024	June 30, 2024		
2024	\$	-	\$	-	\$	15,835	
2025		16,698		33,188		24,737	
2026		30,980		29,855		21,358	
2027 and later		40,609		36,214		20,550	
	\$	88,287	\$	99,257	\$	82,480	

B. The Group's finance leases:

The Group leases machinery and equipment through financial leasing, and according to the terms of the lease agreement, the ownership of the leased assets will be transferred to the lessee upon maturity.

(A) Information on profit and loss items related to the lease contract is as follows:

	For the three months ended June 30,				
	2025		2024		
Financing income from net lease investment

	\$	68,324	\$	68,324	\$	68,324

C. The details of the amortization charges of intangible assets are as follows:

	For the three months ended June 30,					
	2025 2024					
Operating costs	\$	40	\$	13		
Selling expenses		499		456		
General and administrative expenses		3,018		2,952		
Research and development expenses		2,718		3,210		
	\$	6,275	\$	6,631		

	For	the six month	ns ended June 30,			
	2025			2024		
Operating costs	\$	70	\$	15		
Selling expenses			913			
General and administrative expenses		6,207		5,565		
Research and development expenses		6,190				
	\$	12,657	\$	12,683		

D. Information about the impairment of intangible assets is provided in Note 6(12).

(12) Impairment on non-financial assets

The recoverable amount is assessed on the basis of the use value, and the use value is calculated on the basis of the pre-tax cash flow forecast of the Group's five-year financial budget. The main assumptions used to calculate the use vale are as follows:

		America	
	June 30, 2025	December 31, 2024	June 30, 2024
Gross margin	18.39%	16.24%	17.81%
Growth rate	10.00%	10.00%	10.00%
Discount rate	9.11%	8.63%	8.58%
		Europe	
	June 30, 2025	December 31, 2024	June 30, 2024
Gross margin	26.97%	26.97%	27.37%
Growth rate	21.43%	21.43%	20.20%
Discount rate	7.59%	7.72%	7.76%
		Taiwan	
	June 30, 2025	December 31, 2024	June 30, 2024
Gross margin	34.54%	35.22%	33.584%
Growth rate	10.00%	10.00%	10.00%
Discount rate	7.22%	6.36%	5.11%

The Group determines the budgetary gross margin based on previous year's performance and expectations for market development. The weighted average growth rate used is consistent with the industry forecast. The discount rate used is the pre-tax ratio and reflects the specific risks of the relevant operating departments.

(13) Long-term borrowings

	Borrowing period and	Interest		
Type of borrowings	repayment term	rate	Collateral	June 30, 2025

A. Domestic unsecured conversion of corporate bonds issued by the Company

- (A) Issuance conditions for the Second Domestic Unsecured Convertible Corporate Bonds Conversion in the Company are as follows:
 - i. The Company is approved by the relevant authorities to raise and issue the Second Domestic Unsecured Convertible Corporate Bonds Conversion (referred to as "Convertible Corporate Bonds"), the total face value of the issuance is \$800,000, and the actual total issuance is \$848,003, at the coupon rate of 0%, for an issuance period of 3 years, circulation period from August 28, 2023 to August 28, 2026. When this conversion company debt expires, it will be repaid in cash in the denomination of the bond. Convertible Corporate Bonds has been listed for trading at the Securities Counter Trading Center as of August 28, 2023.
 - ii. Unless (1) the period for suspension of transfer registration of common stock required by laws, (2) 15 business days prior to the date for suspension of transfer registration of allocated dividends requested by the Company, the date for suspension of transfer registration of cash dividends or the date for suspension of transfer registration of cash capital increase until the record date for allocation of rights, and (3) from the date of capital decrease until the day prior to the trading of stock swapped upon capital decrease, the bond holders may apply to the Taiwan Depository & Clearing Corporation (TDCC) (hereinafter referred to as

- the "Depository Corporation") who would then notify the Company's stock agent to convert the Bond into the Company's common shares pursuant to the Regulations at any time one month after the issuance (November 29 2023) and throughout the duration (until August 28, 2026) of the bond.
- iii. The conversion price of this conversion company debt shall be determined according to the pricing model stipulated in the conversion method, and the conversion price shall be adjusted in the event of the anti-dilution clause of the company in accordance with the pricing model stipulated in the conversion method.
- From the day following the 3rd month of issuance (November 29 2023) of the iv. bonds until 40 days(July 20, 2026) prior to expiration of the duration, if the closing price of the Company's common shares at Taipei Exchange exceeds the current conversion price by more than 30% for 30 consecutive business days, the Company may send the "Notice of Call" to be matured in 30 days (the time limit shall commence from the Company's service date, and the record date of the call shall be the date when the time limit expires, and the conversion suspension period for the corporate bonds should not fall in the time limit) to the bond holders (those referred to the roster of creditors within five business days prior to the service date of the Notice of Call, while the investors who acquire the bonds through exchange or due to other causes subsequently, if any, shall be notified by public notice) via registered mail within 30 business days. Meanwhile, the Company shall ask Taipei Exchange in writing to post a public announcement, and shall call the corporate bonds held by the bond holders at the face value in cash within five (5) business days upon the record date.
- v. In accordance with the conversion scheme, all debts of the Company recovered (including by the Securities Counter Trading Centre), repaid or converted will be cancelled, and all rights and obligations that are still attached to this conversion company's debt will also be eliminated and no longer issued.
- (B) When issuing convertible corporate bonds, the equity conversion options amounting to \$87,971 were separated from the liability component and were recognized in 'capital surplus-stock warrants' in accordance with IAS 32. The call options embedded in bonds payable were separated from their host contracts and were recognized in 'financial assets at fair value through profit or loss' in net amount \$400 in accordance with IFRS 9 because the economic characteristics and risks of the embedded derivatives were not closely related to those of the host contracts. The effective interest rate of the bonds payable after such separation is 0.156%.
- (C) According to the regulations governing issuance and conversion, after the issuance of the convertible bonds, the conversion price must be adjusted on the ex-dividend date in the event of changes to the Company's common shares or cash dividends. On August 8, 2025, the ex-dividend date, and on August 7, 2024, the ex-rights and ex-dividend date, the conversion prices were recalculated. The conversion price per share was adjusted from \$93.0 to \$88.5 and from \$97.2 to \$93, respectively.

- (D) As of June 30, 2025, the Company has not bought back the bonds from the securities counter trading center.
- (E) As of June 30, 2025, the face value of this convertible corporate bond of \$431,400 has been converted to 4,639,000 shares of common stock, all of which have been completed.

(17) Pensions

- A. (A) The Company and its domestic subsidiary have a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by the end of December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions to cover the deficit by next March.
 - (B) For the aforementioned pension plan, the Company and its domestic subsidiary recognized pension costs of \$108, \$109, \$216 and \$219 for the three months and six months ended June 30, 2025 and 2024, respectively.
 - (C) Expected contributions to the defined benefit pension plan of the Company for the year ending December 31, 2025 amount to \$1,471.
- B. (A) Effective July 1, 2005, the Company and its domestic subsidiary have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
 - (B) AXIT has chosen to adopt a defined benefit plan in accordance with local legal regulations and has provisioned relevant retirement benefit expenses based on the expected unit payment law.
 - (C) The Company's subsidiaries in Mainland China have a defined contribution plan in accordance with the pension regulations in the People's Republic of China (PRC).

- The appropriation rate was 16%~19% and 14%~16% for the six months ended June 30, 2025 and 2024, respectively. Except for the monthly contribution, these companies have no other obligation
- (D) The pension costs under the defined contribution pension plans of the Group for the three months and six months ended June 30, 2025 and 2024 were \$10,673, \$10,414, \$22,035 and \$20,513, respectively.

(18) Share-based payment

A. For the six months ended June 30, 2025 and 2024, the Company's share-based payment arrangements were as follows:

		Quantity granted	Contract	Vesting

(20) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalized mentioned above should not exceed 10% of the paid in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

(21) Retained earnings

- A. When allocating the net income for each fiscal year, the Company shall first offset its losses in previous years and set aside a legal capital reserve at 10% of the profits left over, where such legal reserve amounts to the total authorized capital, this provision will not apply. The Company would set aside or fund another sum as special reserve in accordance with the regulations of the Law or the rules of the Authorities, plus the rest of the and Accumulated Retained Earnings of preceding fiscal year (including the adjustment of undistributed earnings), and the meeting of Board of Directors would draft the Proposal for Distribution, and to authorize the distributable dividends and bonuses in whole or in part may be paid in cash after a resolution has been adopted by a majority vote at a meeting of the Board of Directors attended by two-thirds of the total number of directors, and in addition thereto a report of such distribution shall be submitted to the Shareholders' Meeting. The Company distributing surplus earning in the form of new shares to be issued by the Company in accordance with the preceding paragraphs shall follow the provisions of the Company Law of the Republic of China with a resolution adopted at a meeting of shareholders.
- B. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.
- C. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

D. Details of 2024 earnings appropriation resolved by the Board of Directors on February 26, 2025 and by the shareholder's meeting on May 22, 2025 and details of 2023 earnings appropriation resolved by the Board of Directors on February 22, 2024 and by the shareholder's meeting on May 24, 2024, respectively are as follows:

- A. According to the Company's articles of association, if the Company is profitable in the year (ie after deducting the employee's remuneration and the director's remuneration from the net profit before tax), employee payout should be between 1% and 20% while directors' payout should be no more than 2%. However, if the Company has accumulated losses (including adjustments to unallocated surplus) these losses should first be offset.
- B. For the three months and six months ended June 30, 2025 and 2024, employees' compensation was accrued at \$0, \$16,822, \$15,807 and \$28,149, respectively; while directors' remuneration was accrued at \$0, \$2,588, \$2,509 and \$4,330, respectively. The aforementioned amounts were recognized in salary expenses.
 - In 2025, the pre-tax net profit for the six months was deducted from the employee's compensation and the benefits before the director's remuneration were estimated at 11.85% and 1.88% respectively.
 - The Board of Directors resolved to approve the 2024 employee compensation and directors' remuneration in the amounts of \$70,000 and \$10,439, respectively, which are consistent with the amounts recognized in the 2024 financial statements, and both will be paid in cash.
- C. Information about employees' compensation and directors' remuneration of the Company as resolved at the meeting of Board of Directors will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(30) Income tax

A. Income tax expense

(A) Components of income tax expense:

1	For the three months ended June 30,					
		2025		2024		
Current tax						
Current tax on profits for the year	(\$	3,269)	\$	64,588		
Tax on undistributed earnings		8,917		5,419		
Adjustments in respect of prior years	_(9,077)		_		
Total current tax	(\$	3,429)	\$	70,007		
	For	the six month	s ended	June 30		
		2025		2024		
Current tax						
Current tax on profits for the year	\$	31,915	\$	140,277		
Tax on undistributed earnings		8,917		5,419		
Adjustments in respect of prior years	_(16,109)		_		
Total current tax	\$	24,723	\$	145,696		

(B) The income tax relating to components of other comprehensive income is as follows:

	For the three months ended June 30,					
	2025			2024		
Change in fair value from financial assets measured at fair value through						
other comprehensive income Currency translation differences of	\$	-	\$	83		
foreign operations		32,541)		3,541		
	(\$	32,541)	\$	3,624		
	Fo	or the six month	s ende	ed June 30,		
		2025		2024

(32) Business merger

- A. On April 8, 2024, the Group acquired a 59.95% equity in PAYTRONEX by paying \$65,100 in cash to its existing shareholders and participating in a cash capital increase, thereby gaining control over PAYTRONEX. Consequently, PAYTRONEX has been included as a consolidated entity from that date (the acquisition date). The Group expects to expand both parties' operational scale and enhance overall performance through the integration of business resources.
- B. Details of the consideration paid for the acquisition of PAYTRONEX, the fair values of the assets acquired and liabilities assumed as of the acquisition date, and the information on non-controlling interests as a proportion of the acquiree's identifiable net assets on the acquisition date are as follows:

	A ₁	oril 8, 2024
Acquisition consideration		
Cash	\$	65,100
Non-controlling interests' share of the acquiree's identifiable net assets		43,500
		108,600

			June 30	, 20	24
	_		tal contract price excluding tax)	C	alculated price
Other related parties	_	\$	41,217	\$	35,800
(D) Contract assets					
	June 30, 2025		December 31, 2024		June 30, 2024
Other related parties - Superfly Technology Co.,Ltd.	\$ 10,9	95	\$ 6,379	\$	709

B. Purchase

	For the three months ended June 30,				
	2	.025		2024	
Purchase of goods: Entity with significant influence on the group	\$	5,302	\$	5,894	
Other related parties		1,319	,	1,809	
	\$	6,621	\$	7,703	

	For the six months ended June 30,				
		2025		2024	
Purchase of goods: Entity with significant influence on the group Other related parties	\$	8,373 1,770	\$	12,996 1,809	
-	\$	10,143	\$	14,805	

The above purchase transactions are handled in accordance with normal commercial terms and conditions.

C. Account receivable - related parties

_	June 30, 2025		Decem	ber 31, 2024	June 30, 2024	
Account receivable: Entity with significant						
influence on the group	\$	5	\$	38	\$	-
Associate		-		41		83
Other related parties		997		3,651		9,049
Subtotal		1,002		3,730		9,132
Notes receivable:						_
Other related parties				100		378
Finance lease receivables						
Other related parties		1,096		1,319		
Total	\$	2,098	\$	5,149	\$	9,510

Account receivable from related parties mainly arise from sales of goods and finance lease transactions. The receivables are unsecured and non-interest-bearing.

D. Account payables-related parties

1 7 1	June 30, 2025		Decer	nber 31, 2024	June 30, 2024	
Account payable: Entity with significant influence on the group	\$	4,036	\$	4,446	\$	4,078
Other related parties		813		574		1,910
Subtotal		4,849		5,020		5,988
Other account payables Entity with significant						
influence on the group		22		21		42
Other related parties				72		
Subtotal		22		93		42
Total	\$	4,871	\$	5,113	\$	6,030

Accounts payable are mainly related to purchase transactions; other accounts payable are mainly generated from miscellaneous purchases. The Accounts payable are non-interest-bearing

(3) Key management compensation

	For the three months ended June 30,						
		2025	2024				
Short-term employee benefits	\$	35,445	\$	28,341			
Share-based payment		1,954		436			
Post-employment compensation		291		290			
Total	\$	37,690	\$	29,067			
	For	the six month	s ended June 30,				
		2025		2024			
Short-term employee benefits	\$	80,995	\$	61,597			
Share-based payment		3,910		870			
Post-employment compensation		582		581			
Total	\$	85,487	\$	63,048			

H. PLEDGED ASSETS

The Group's assets pledged as collateral are as follows:

Asset type	June 30	0, 2025	December	r 31, 2024	June	30, 2024	Use of pledge
Property, plant and							Long-term
equipment	\$	53,756	\$	53,939	\$	54,122	borrowings

I. <u>SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED CONTRACT COMMITMENTS</u>

(1) Contingency

None.

(2) Commitments:

A. Capital expenditures contracted but not yet incurred:

	June 30, 2025		Dec	ember 31, 2024	June 30, 2024	
Property, plant and equipment	\$	304	\$	18,467	\$	4,409
Intangible assets		8.		90		_
Total	\$	386	\$	18,557	\$	4,409

- B. As of June 30, 2025, the amounts of the guarantee notes issued by the Group for performance guarantees in engineering projects: \$8,490.
- C. As of June 30, 2025, the amounts of the guarantee notes issued by the Group for lease and maintenance guarantees: \$7,154.

J. SIGNIFICANT DISASTER LOSS

None.

K. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

None.

L. OTHERS

(1) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

(2) Financial instruments

A. Financial instruments by category

Jui	ne 30, 2025	December 31, 2024		June 30, 2024

Note: Financial assets at amortized cost includes cash and cash equivalents, notes and accounts receivable (including related parties), other receivables, guarantee deposits, operating lease receivables, finance lease receivables, long-term finance lease receivables and financial assets at amortized cost; financial liabilities at amortized cost includes short-term borrowings, notes and accounts payable (including related parties), other payables (including related parties), long-term borrowings (including current portion) and guarantee deposits received.

B. Risk management policy

(A) The Group's activities expose it to a variety of financial risk: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The financial risk management policies of the Group focus on unpredictable factors in financial market, and aim to reduce unfavorable impact on financial position and financial performance.

(B) Risk management is carried out by a finance department under policies approved by the Board of Directors. Group finance department identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(A) Market risk

Foreign exchange risk

- i. The Group operates internationally and is exposed to exchange rate risk arising from the transactions of the Company and its subsidiaries used in various functional currency, primarily with respect to the USD, EUR, GBP, JPY and RMB. Exchange rate risk arises from future commercial transactions and recognized assets and liabilities.
- ii. Management has set up a policy to require companies of the Group to manage their foreign exchange risk against their functional currency. All units within the Group should hedge their overall exchange rate risk through the finance department. Exchange rate risk is measured by the expected transaction of highly probable USD and RMB spending, using forward foreign exchange contracts to reduce the impact of exchange rate fluctuations on the expected purchase cost of inventory.
- iii. The Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: USD, RUR, GBP, JPY and RMB). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

_	June 30, 2025							
	an	n currency nount ousand)	Exchange rate	Book value (NTD)

Price risk

- i. The Group's equity instruments, which are exposed to price risk, are the financial assets at fair value through profit or loss. To manage its price risk arising from investments in equity instruments, the Group diversifies its portfolio. Diversification of the portfolio is in accordance with the limits set by the Group.
- ii. The Group's investments in equity securities comprise beneficiary certificates. The prices of equity securities would change due to the change of the future value of investee companies.

(B) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, debt instruments classified as at amortized cost, measured at fair value through other comprehensive income and measured at fair value through profit or loss.
- ii. The Group manages their credit risk taking into consideration the entire group's concern. According to the Group's credit policy, each local entity in the Group is responsible for managing and analyzing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors.
- iii. The Group adopts the following assumption under IFRS 9 to assess whether there

has been a significant increase in credit risk on that instrument since initial recognition:

- (i) If the contract payments are past due over 90 days based on the terms, there is a significant increase in credit risk on that instrument since initial recognition.
- (ii) A bond investment traded at the counter buying center, which has any external rating agency rated as the investment grade on the balance sheet date, and the financial asset is considered to have a low credit risk.
- iv. The Group adopts the following assumptions under IFRS 9: If the contract payments were past due over 90 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition. The default occurs when the contract payments are past due over 270 days.
- v. The Group classifies customer's notes and accounts receivable in accordance with product types and customer types. The Group applies the simplified approach using provision matrix to estimate expected credit loss under the provision matrix basis.
- vi. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
 - (i) It becomes probable that the issuer will enter bankruptcy or other financial reorganization due to their financial difficulties;
 - (ii) The disappearance of an active market for that financial asset because of financial difficulties;
 - (iii) Default or delinquency in interest or principal repayments;
 - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.
- vii. The Group wrote off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights. On June 30, 2025, December 31, 2024 and June 30, 2024, the Group had no written-off financial assets that remained under recourse procedures.
- viii. The Group uses the forecast ability of National Development Council Business Cycle Indicator and CONFERENCE BOARD LEADING ECONOMIC INDEX to adjust historical and timely information to assess the default possibility of notes and accounts receivable. On June 30, 2025, December 31, 2024 and June 30, 2024, the provision matrix is as follows:

			O.	verdue	Ov	erdue	Ov	erdue

In addition to the above, the Group's non-derivative financial liabilities are due within the next year. The Group does not expect the timing of occurrence of the cash flows estimated through the maturity date analysis will be significantly earlier, nor expect the actual cash flow amount will be significantly different.

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: The input value for this level is the open quote (unadjusted) of the same asset or liability in the active market. An active market is a market that meets all of the following conditions: the goods traded in the market are homogeneous; the buyers and sellers with the willingness can be found in the market at any time and the price information can be obtained by the public. The fair value of the beneficiary certificate the Group's investment belongs to.

Level 2: The input value of this level, except for the observable price included in the first level public offer, including the observable input value obtained from the active market either directly (such as price) or indirectly (such as derived from price).

Level 3: Inputs for the asset or liability that are not based on observable market data.

- B. Information about the fair value of investment property is provided in Note 6(10).
- C. Financial instruments not measured at fair value

Except for financial assets at fair value through profit or loss, the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables, guarantee deposits paid, short-term borrowings, notes payable (including related parties), accounts payable (including related parties), other payables (including related parties) and guarantee deposits received are approximate to their fair values.

⁽B) The evaluation of derivative financial instruments is based on the option pricing model accepted by market users.

E. For the six months ended June 30, 2025 and 2024, there was no evaluation of the transfer between levels.

F. The following chart is the movement of Level 3 for the six months ended June 30, 2025 and 2024.

	20	25	2	024
	Converti – call p	Convertible bond – call provision		
At January 1	\$	719	\$	720
Sell	(815)		-
Recognition in profit (loss)				
Other gains and losses		243		80
At June 30	\$	147	\$	800

- G. Outside appraiser is in charge of valuation procedures for fair value measurements being categorized within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.
- H. The following is the qualitative information on significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at		Significant	Range	
	June 30,	Valuation	unobservable	(weighted	Relationship of
	2025	technique	input	average)	inputs to fair value
Convertible bond – call provision	\$ 147	Binomial tree pricing model	Volatility	42.55%	The higher the stock price volatility, the higher the fair value
	Fair value at December 31, 2024	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Convertible bond – call provision	\$ 719	Binomial tree pricing model	Volatility	34.25%	The higher the stock price volatility, the higher the fair value
	Fair value at June 30, 2024	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Convertible bond – call provision	\$ 800	Binomial tree pricing model	Volatility	40.55%	The higher the stock price volatility, the higher the fair value

M. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

- A. Loans to others: Please refer to table 1.
- B. Provision of endorsements and guarantees to others: None.
- C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 2.
- D. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 3.
- E. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 4.
- F. Business relationships and major transactions between parent and subsidiary companies: Please refer to table 5.

(2) <u>Information on investees</u>

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 6.

(3) Information on investments in Mainland China

- A. Basic information: Please refer to table 7.
- B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: For the major transactions between the Company and the Mainland China invested companies, please refer to table 5.

N. OPERATIONS SEGMENT INFORMATION

(1) General information

The Group's management has identified the reporting Department based on the reporting information needs of the Board of Directors and the main operating decision makers for decision making.

The Group's main operating decision makers operate their business from a regional perspective; in the region, the Group currently focuses on production and sales in Taiwan, the Americas and Europe.

The operations departments disclosed by the Group are considered the main source of revenue for the Group - manufacture and sale of product applications such as industrial computers and Ethernet networks.

(2) Segment information

The segment information provided to the chief operating decision maker for the reportable segments is as follows:

Segment profit and loss, assets and liabilities information

	For the six months ended june 50, 2025											
							O	thers	Adj	ustment &		_
	T	aiwan	un USA		Europe		Dep	Department		es balance		Total
Income from external customers Interest income Other income Inter-departmental income	\$	1,427,875 20,555 5,479 834,940	\$	1,418,733 - 7 502	\$	355,322 6,544 1,489 3,664	\$	52,636 11 191 5,979	\$ (328) - 845,085)	\$	3,254,566 26,782 7,166
Department profit or loss (before tax) Interest expense		125,936 5,025		36,107 1,420	(17,452) 907	(5,710) 70	(10,718) 328)		128,163 7,094
Depreciation & Amortization Income tax expenses		76,825 17,176		23,316 5,761		8,335 1,737		2,050 49		522		111,048 24,723
Non-current assets capital expenditure Department's Assets Department's Liabilities		45,460 6,852,765 2,114,819		1,127 1,505,872 520,845		307 681,587 115,136		348 94,207 36,957	(2,021,109) 356,068)		47,242 7,113,322 2,431,689

Adjustments & Sales balance

- (1) Total sales from the departments should be net of interest income \$328 and inter-departmental revenue \$845,085.
- (2) Inter-departmental income and interest expense should be net of inter-departmental transactions \$10,718 and \$328.
- (3) Depreciation and amortization \$522 arising from property, plant and equipment and intangible assets transactions should be reported and adjustment in the preparation of the consolidated financial statements.
- (4) Department assets of \$2,021,109 and liabilities of \$356,068 arising from inter-departmental transactions should be reported and eliminated in the preparation of the consolidated financial statements.

For the six months ended June 30, 2024

	Taiwan		USA		Europe		Others Department		Adjustment & Sales balance		Total	
Income from external customers Interest income Other income Inter-departmental income	\$	932,866 19,015 8,384 1,045,805	\$	1,374,814 - 87 36	\$	643,789 3 786 9,228	\$	77,408 83 5 8,776	\$	- - 1,063,845)	\$	3,028,877 19,101 9,262

Department Income		85,252		17,398		43,069		19	(42)		145,696
Non-current assets capital												
expenditure		201,903		5,853		714		10		-		208,480
Department's Assets		6,877,624		1,591,717		786,528		136,801	(2,088,864)		7,303,806
Department's Liabilities		2,642,332		526,432		239,759		45,154	(342,907)		3,110,770

Adjustments & Sales balance

- (1) Total sales from the departments should be net of inter-departmental revenue was \$1,063,845.
- (2) Amortization \$1,330 and Income tax expenses \$42 arising from intangible assets transactions should be reported and adjustment in the preparation of the consolidated financial statements.
- (3) Inter-departmental income should be net of inter-departmental transactions \$103,482
- (4) Department assets of \$2,088,864 and liabilities of \$342,907 arising from inter-departmental transactions should be reported and eliminated in the preparation of the consolidated financial statements.

(3) Reconciliation for segment income (loss)

The external income reported by the Group to the chief operating decision maker is consistent with the income from the comprehensive income statement. The difference between the (departmental revenue and corporate income) and the (inter-departmental profit and loss and the pre-tax profit and loss of the continuing business sector) is small. Hence, there is no need for adjustment.

Loans to others

For the six months ended June 30, 2025

Table 1

Expressed in thousands of NTD (Except as otherwise indicated)

No. (Note 1)	Creditor	Borrower	General ledger account	Related party	Maximum balance for the period (Note 3)	Ending balance (Note 8)	Amount actually drawn	Interest rate	Nature for financing (Note 4)	Transaction	tarm	for had debt		ateral Value	company (Note 7)	Financing Company's total financing amount limits (Notes 7)	Remark
0	AXIOMTEK CO., LTD.	PAYTRONEX	Other receivables- related party	Y	\$50,000	50,000	25,000	2.625%	2	\$ -	Business turnover	-	-	-	\$ 463,354	\$ 1,853,417	

- Note 1: The description of the number column is as follows:
 - (1) Fill in 0 for the issuer.
 - (2) The invested companies are numbered sequentially by company number starting from 1.
- Note 2: Items such as accounts receivable from related enterprises, accounts receivable from related parties, shareholders' transactions, advance payments, temporary payments, etc. must be filled in this field if they are in the nature of loan.
- Note 3: The maximum balance for the period.
- Note 4: The description of the nature of loan is as follows:
 - (1) If it is a business transaction, fill in 1.
 - (2) If short-term financing is necessary, fill in 2.
- Note 5: If the capital loan is a business transaction, the business transaction amount should be filled in. The business transaction amount refers to the business transaction amount between the Company lending the funds and the loan recipient in the most recent year.
- Note 6: If the nature of the fund loan requires short-term financing, the reasons for the necessary loan and the purpose of the funds to be loaned should be specified, such as: repayment of loans, purchase of equipment, business turnover, etc.
- Note 7: According to the Company's operating procedures for loan of fund and endorsement guarantees, the total amount of loans that the Company and its subsidiaries can make as a whole shall not exceed 40% of the equity attributable to the owners of the parent company in the company's most recent consolidated financial statements limit.

 Furthermore, the amount of loans that the Company and its subsidiaries as a whole can lend to a single enterprise shall not exceed 10% of the equity attributable to the owners of the parent company in the company's most

recent consolidated financial statements limit.

Note 8: If a public company submits fund loans to the Board of Directors for resolution one by one in accordance with Article 14, Item 1 of the Regulations Governing Loaning of Funds and Making of Endorsements/Guarantees by public companies, even though no appropriation has been made, the amount determined by the Board of Directors should still be included in the announced balance to reveal the risks it takes; However, if the funds are subsequently repaid, the balance after repayment should be disclosed to reflect the risk adjustment. If a public company authorizes the chairman of the Board of Directors by resolution of the Board of Directors to allocate loans in installments or use them on a recurring basis within a certain amount and within a period of one year in accordance with Article 14, Item 2 of the Regulations, fund loan limit approved by the Board of Directors should still be used as the balance for announcement and reporting. Although the funds are repaid later, it is still considered that the loan may be appropriated again, so the fund loan limit approved by the Board of Directors should still be used as the balance for announcement and reporting.

Securities held (excluding investments in subsidiaries, affiliates and joint venture)
